26th Seminar – 2017

Sustainability: new ways forward

This year the seminar will focus on the crucial area of Sustainability, which ISO promotes as a broad concept that encompasses various fields and best practices conducive to authentic development. With the vast experience of renowned experts, we will examine case studies and fresh strategies, focusing on providing useful elements that everyone can extrapolate to their own reality. We will also have the honour of having keynote addresses by high-level public officials and industry specialists that will shed new light onto issues of current relevance.

To chair this year's event, we are fortunate to have Guilherme Nastari, who really needs little introduction in today's sugar world. Gui is part of DATAGRO, a Brazilian based consulting firm founded by his father, Dr. Plinio Nastari, that conducts studies and develops market analysis for sugar, biofuels and related areas, and has incorporated into their expertise novel financial tools and cutting-edge technologies. Gui is well-versed in all factors associated with sustainability and uniquely qualified to captain the conference towards productive discussions and successful conclusions.

Simultaneous interpretation will be provided in English, French, German, Portuguese, Russian, Spanish and Turkish.

Registration

The registration fee of £995 (sterling), [€1,280 or US\$1,440] also covers: an evening reception on 28 November, refreshments on 28 and 29 November, online access (with a username and password) to the ISO Sugar Yearbook, the Statistical Bulletin; Monthly Market Report (in English, French, Russian & Spanish); Quarterly Market Outlook (in English, French, Russian & Spanish); and online access to the Seminar Proceedings immediately following the event. Space is strictly limited so early registration is recommended. **Registration this year is online through the ISO website www.isosugar.org**. Please note no refunds will be made for cancellations received after 20 October. Substitutions are allowed. Refunds will be processed (subject to an administration fee of £150) after the end of the seminar.

Group rate: (three or more delegates from the same company): £895 (sterling)/ €1,130/ US\$1,280

Should you be unable to attend in person, you can order the Seminar Proceedings through the website (www.isosugar.org) at a **cost of £430**.
