**End User License Agreement (EULA)
For the use of iNNw-Tool**

ISCC System GmbH offers the Software "iNNw-Tool" free of charge to all users of the ISCC certification system, to all members of ISCC Association and to all Certification Bodies co-operating with ISCC. The software is designed to produce Proofs of Sustainability exclusively for users of the ISCC certification System.

The software may be downloaded from a ISCC webpage within the client login.

When downloading the software "iNNw-Tool" the user accepts this EULA.

Especially he accepts that ISCC System GmbH will not take any responsibility for the correctness and timeliness of the software and cannot be held responsible for any claims.

ISCC works hard to provide its clients, members and partners with a useful and correct tool. ISCC reserves its right to decide upon further developments of the software and also to terminate this offer.

The software iNNw-Tool is a Runtime-Version of a Filemaker® database. The distribution of this Runtime-Version is in accordance with the license agreement of Filemaker®.
