

ISCC – International Sustainability and Carbon Certification is one of the leading certification systems for sustainability, traceability and the reduction of greenhouse gas emissions. More than 3,000 companies in over 100 countries worldwide use the ISCC System. The ISCC certification ensures a sustainable production of biomass, the reduction of greenhouse gas emissions, no-deforestation and traceability throughout supply chains. ISCC can be applied to all types of feed-stock in the food and feed industry as well as the chemical industry and bioenergy market.

We at ISCC are looking for highly motivated professionals to complement our team at the ISCC head office in Cologne.

Accountant (f/m) – Sustainability Certification

Your tasks:

Continuous advancement of the ISCC System and steadily growing requirements demand for an efficient operational management, especially in the area of the accounts receivable. You will be responsible for the financial reporting and accounting functions, including bookkeeping, monitoring of payments and the execution of payments. In addition, processing of business transactions, travel expenses, updating financial records and monitoring the receivables will be part of your tasks. This includes preparing and issuing invoices, supporting the internal database management as well as the compilation of statistics and financial reports. Furthermore, you will resolve outstanding payments by contacting customers, investigating circumstances of non-payment and expediting payments. Further responsibilities include the documentation of financial transactions by entering account information, summarizing current financial status by collecting information and preparing balance sheet, profit and loss statements and other reports.

Supporting the tax accountant, preparation for financial accounting as well as human resources related administrative tasks are also part of the job.

What we are looking for:

ISCC acts on the global level and maintains close contact with its customers all over the world. Therefore, the job requires a high level of proficiency in English and German (both written and spoken). Additional languages will be of advantage. A qualified candidate should have financial skills and extensive working experience in the area of accounting. We require computer literacy and excellent knowledge of the standard software (Word, PowerPoint, Excel). Experience regarding the use of DATEV would be an additional advantage. High commitment, reliability, good self-organization and analytical skills are the personal attributes we expect in a successful candidate.

What we offer:

At ISCC you will join a committed, dynamic and international team within a pleasant working environment. Flat hierarchies and short decision patterns are a key feature of the organizational structure of ISCC. The ISCC office is centrally located in Cologne with close distance to public transport and train stations.

Please send your job application in English with your earliest possible starting date and salary expectations to Myriél Camp: hire@iscc-system.org
