PLEASE NOTE:

An **ISCC EU and PLUS Basic Training** will take place at the same venue on **July 18 – 20**. The Training will cover all topics relevant for ISCC certification. This includes:

- Implementation and verification of **deforestation-free supply chains**
- Requirements for **traceability and mass balance**
- Requirements for **greenhouse gas calculations**.

There will be a **special focus** of the Training on the:

- Certification of **waste-based feedstock, biofuels and supply chains** (in particular **UCO**)
- **Export opportunities** for waste and residue-based biofuels to **EU** and the **USA**
- Upcoming **legislative and market developments**

The participation in the ISCC EU and PLUS Basic Training is a mandatory requirement for all auditors before they can conduct audits under ISCC. Participation is also recommended to ISCC System Users and companies preparing for ISCC certification.

Please find further information and the detailed agenda [on the ISCC website](#).
