We are collecting from households using 3l buckets.
Münzer Bioindustrie GmbH

Import challenges

- Duty and Veterinary control
- Sustainability
- Payment Terms
- Quality
- Samples
- Heating / Temperature
- Risk of damage
- Disposal of empty flexitanks
- Seasonal
Münzer Bioindustrie GmbH

Growing demand in Europe

Why should you nevertheless export to Austria?

- Long term partnerships developed with European UCO sellers
- Buying UCO the whole year long — two biodiesel factories in EU
- Münzer is final processor for the UCO
- Münzer has knowledge about UCO collection
- No logistics for FAME — price competitive in feedstock
- 12 years producing — no bankruptcy
- Credit Rating — Security in payments
