- 100,000 LAB TEST every year.

Some Carta del Mulino rules

Crop rotation
To preserve the soil fertility

Reserved 3% of the fields
To the flowers cultivation

We support the usage of physical methods during the wheat storage

FARMERS INVOLVED
2018 = 73
2019 = 500
2022 = 5,000

Susteinability, Quality and Food Safety
Barilla punta sulla sostenibilità del grano

Barilla sforna 10 regole col WWF
Nascono così i primi biscotti con il grano tenere ecosostenibile

Biscotti e grano sostenibili
Arriva la Carta del Mulino

La presente foto raffigura due uomini tenendo pacchetti di biscotti. L'articolo parla della sostenibilità del grano e dell'arrivo di una nuova linea di biscotti sostenibili, chiamata Carta del Mulino, prodotta da Barilla in collaborazione con WWF.
