

DSM

Purpose led, Performance driven

Roy Vissers
Circular Economy Project Lead

NUTRITION · HEALTH · SUSTAINABLE LIVING

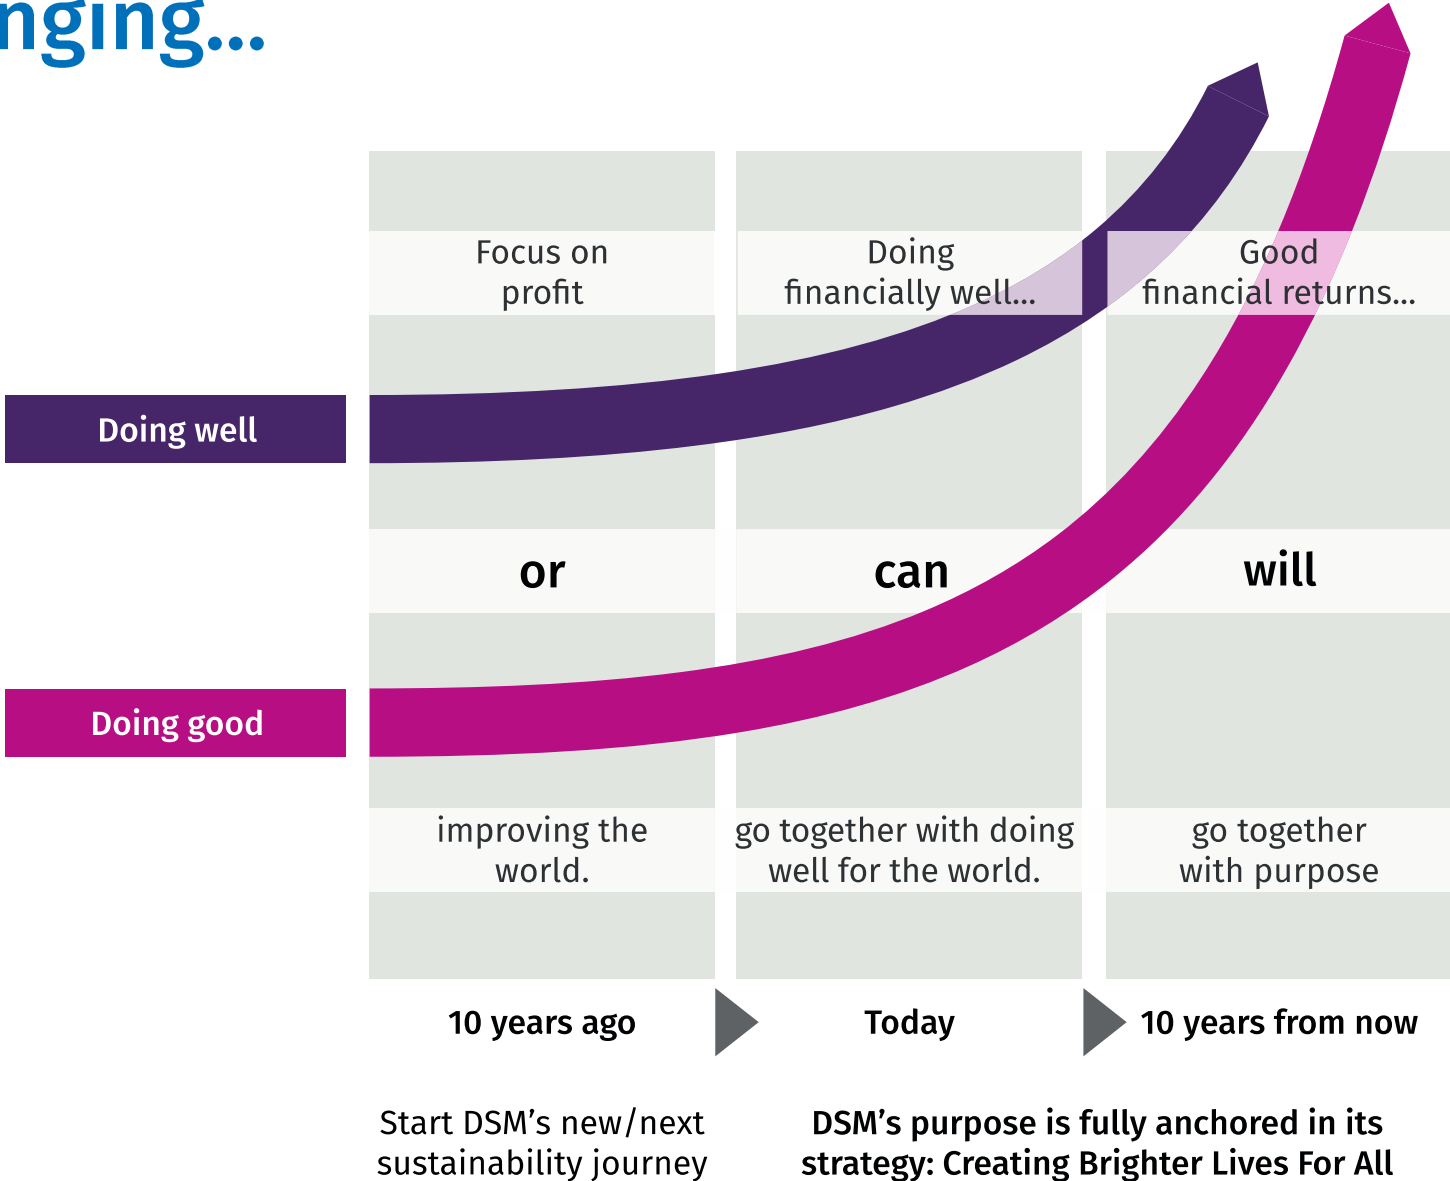

DSM

BRIGHT SCIENCE. BRIGHTER LIVING.

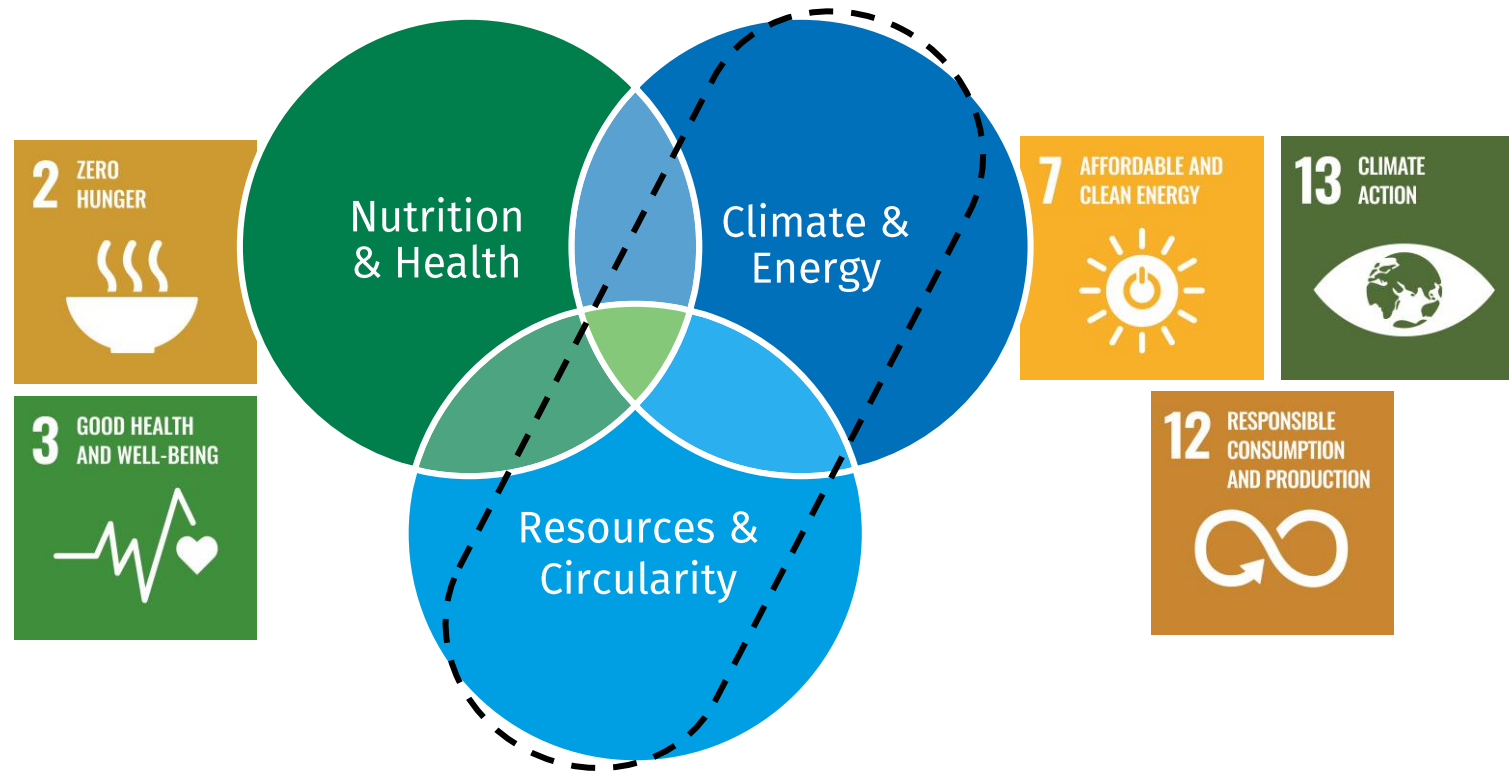

The world is changing...

Ten years ago, the general belief was that as a company, you either focused on making profit or on improving the world, but that you couldn't do both...

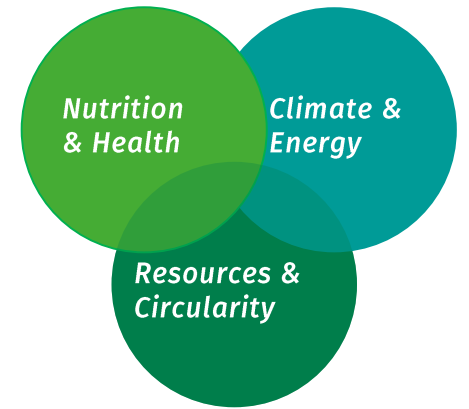

Our three focus domains.

We use our key competences to address the UN Sustainable Development Goals; these provide growth opportunities in our three focus domains:

We are already reaching
~2.5 billion people worldwide.

Our brighter living agenda

Improve.

	Nutrition & Health	Climate & Energy	Resources & Circularity
Improve.	Placeholder text (blue bars)	GHG emission reduction targets	Placeholder text (blue bars)
Enable.	Placeholder text (blue bars)	Placeholder text (blue bars)	Circular & bio-based solutions
Advocate.	World food program UNICEF	Placeholder text (blue bars)	Placeholder text (blue bars)

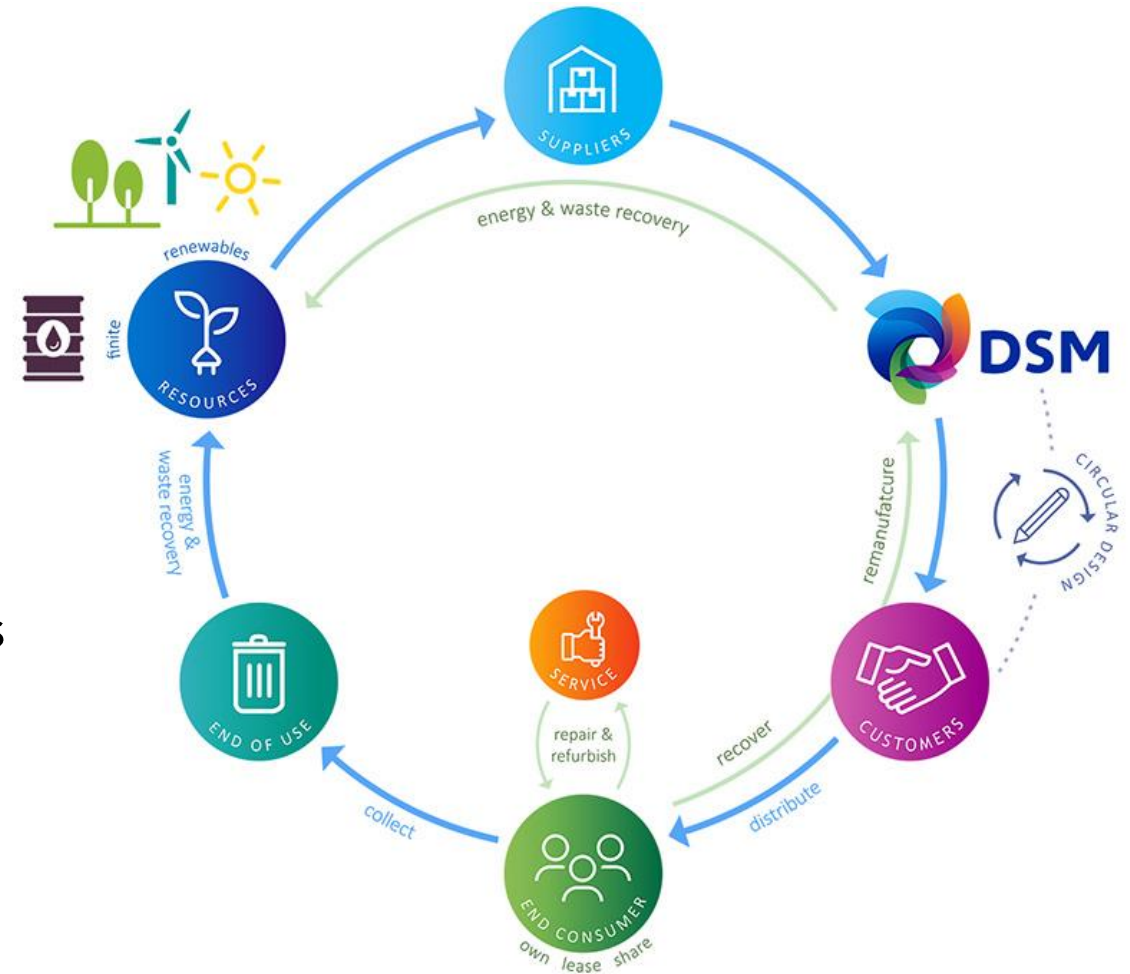

Enable.

Advocate.

Circularity at DSM

where we are now

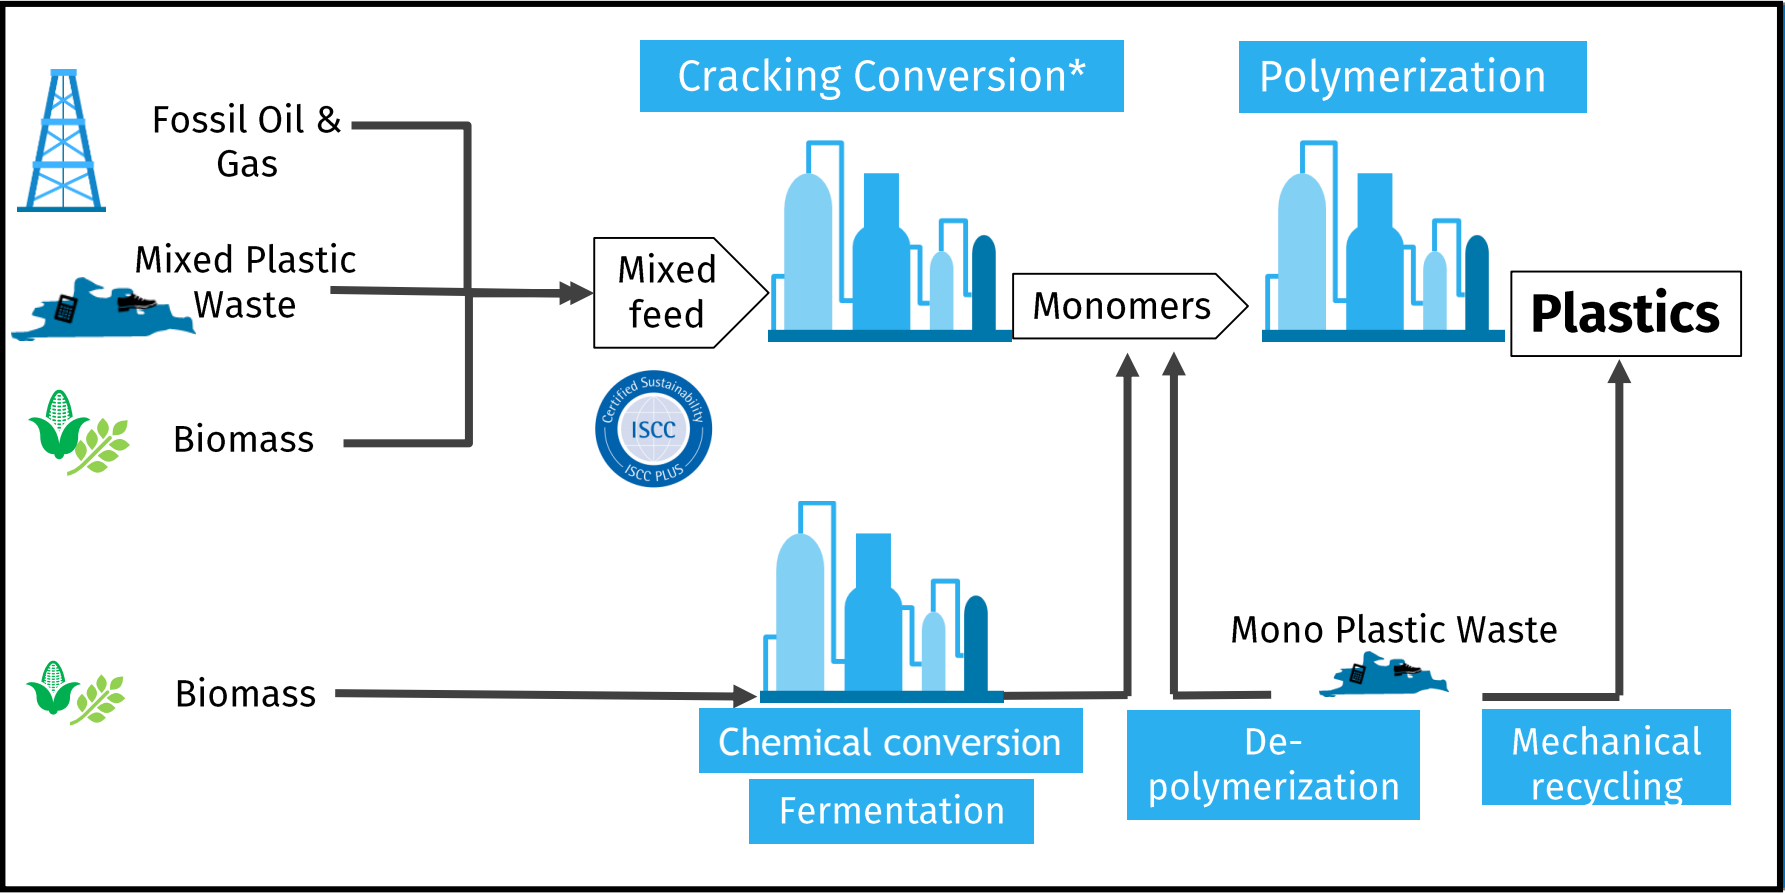

- **Improving our performance**
 - More efficient use of resources
 - Renewable sourcing
 - Waste recycling
- **Enabling a circular world**
 - Reduce finite resources
 - Replace scarce and polluting resources
 - Extend the life time of materials
 - Design for recyclability
 - Recover waste streams

Demonstrating Circularity at DSM

Leveraging the toolbox of current and emerging technologies

Entire portfolio of Bio- / Recycled-based alternatives by 2030

- Akulon®
- Stanyl®
- ForTii®
- Arnite®
- Arnitel®
- Xytron™
- EcoPaXX®
- Novamid®

*Including chemical recycling using mass balance approach

A photograph of three hikers jumping joyfully on a gravel trail. The hiker in the center is a woman with long hair, wearing a purple shirt and shorts, with her arms raised high. To her left is a child in a striped shirt and shorts, also jumping with arms outstretched. To her right is another child in a striped shirt and shorts, jumping with arms raised. The background shows a natural landscape with trees and a bright sky. The text is overlaid on the image.

Be part of our journey toward a more sustainable and circular world
