have you just tried claiming a monopoly go dice link and it didn't work dice links can only be redeemed once per monopoly go account so if you click on a link and get a message that says this reward has already been claimed then that means you've redeemed the link previously keep checking back though we are constantly updating this page with the latest links

if you click on a dice link and it doesn't even open in monopoly go then that's a different issue from our experience there can sometimes be teething troubles when you try to open a dice link on an android device when you click on a link in your browser you should get a pop up menu asking you to open in another app

if this doesn't happen and the link instead opens in a separate tab on your browser try refreshing that page and see if the pop up menu appears alternatively try clicking on the link again and see if that triggers the menu if none of these troubleshooting tips work try opening up the monopoly go app so it's running in the background then head back here and try clicking on the link again to see if that kicks things into gear
