the harder stuff is usually the weekly challenges where you need to accumulate a certain amount of stats in park games to complete those 150 points in rec games for example but if you re super competitive you can pull these off all in all all of these quests can net you somewhere between 250 to 1 250 vc most of the time it doesn t seem like much but every little bit counts and if you do enough you ll see the growth plus these are every day and every week so you can collect nonstop

be warned though as if this is the first time you ve entered these menus you ll be taken through an introduction sequence that includes creating a character this could cost you valuable time on a limited code so make sure you ve got that out of the way before you try to redeem anything
